SKILLS

- **Languages:** C++, JavaScript, C, Python
- **Frameworks:** Selenium, Flask, Node.js, React.js
- **Tools/Platforms:** MySQL, PowerShell, Wireshark
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

PROJECTS

- **Move Master – Logistics Management System:** **October 2024**
Developed a Logistics Management System to streamline and optimize the movement of goods, track shipments, and manage inventory efficiently. The system enables businesses to monitor real-time logistics operations, automate order processing, and improve supply chain visibility.
Key Features:
Shipment Tracking: Real-time tracking of shipments with status updates.
Order & Inventory Management: Automated order processing and inventory tracking.
Database Management: SQL Server used for storing, querying, and managing logistics data.
Tech: SQL Server
- **Virtual Herbal Plant Garden:** **January 2025**
Developed an interactive Virtual Herbal Plant Garden to provide users with an immersive experience in exploring various herbal plants. The platform allows users to visualize 3D models, access plant information, and engage with multimedia content for educational and research purposes.
Key Features:
Interactive UI: Built with React.js for a seamless and dynamic user experience.
Plant Database: Provides detailed descriptions, benefits, and growing conditions of herbal plants.
3D Visualization: Integrates interactive 3D models (if applicable) for better plant exploration.
Tech: React.js, Node.js, HTML, CSS
- **SnackSprint - Food Delivery Website :** **February 2025**
Developed SnackSprint, a responsive and user-friendly food delivery website to allow customers to browse restaurants, explore menus, and place orders seamlessly. The website provides an intuitive UI with a modern design for an enhanced user experience.
Key Features:
Responsive Design: Used Bootstrap for a fully responsive layout across all devices.
Restaurant & Menu Display: Showcases restaurant listings with detailed menus.
User-Friendly Navigation: Intuitive interface with easy browsing and ordering options.
Tech: HTML, Bootstrap, CSS

EDUCATION

- **Lovely Professional University** **Punjab, India**
Master of Computer Applications; CGPA: 7.5 *Since August 2024*
- **SJHS Gujarati Innovative College** **Indore, Madhya Pradesh**
Bachelor of Computer Applications; Percentage: 71% *April 2020 - March 2023*
- **St. Joseph's School** **Indore, Madhya Pradesh**
Intermediate; Percentage: 61% *April 2019 - March 2020*
